

We received feedback on the beta launch of our app from several early testers, including Elena Garcia. Her insights, sent from **egarcia92@mail.com**, were extremely valuable in fixing navigation bugs. She reported an issue with the QR scanner crashing on Samsung Galaxy Note 10 devices. She also included her contact number **+44 7923 778456** for a follow-up call and listed her location as **Flat 4B, 91 Queen's Road, Brighton, UK** in the form.
